

# Claims Services

Accessible. Responsive. No surprises.

Our global claims expertise and technical know-how are industry leading. But what truly sets us apart is that we put our clients' experience at the center of everything we do. Swiss Re Corporate Solutions is fostering a global service culture because we understand that how a claim is handled can be as important as the claim outcome itself. Our dedication to exceptional claim service is at the heart of our claims commitment.

Swiss Re Corporate Solutions believes claims service goes beyond technical expertise and a promise to pay. It means being there when clients need us, being open and honest in our communications, keeping clients informed and partnering with them in the claim resolution strategy. It also means making our coverage positions and reasoning clear so that there are no surprises. We sum it up simply – accessible, responsive and no surprises. We believe that our service approach is a difference that our clients and their brokers will feel. There are many reasons clients choose Swiss Re Corporate Solutions for their commercial insurance needs, but claim service is a big reason they stay.
