大成 DENTONS

Law Firm / Coverage & Data Breach

Mullen Coughlin LLC

Mullen Coughlin LLC is exclusively dedicated to representing organizations facing data privacy events, information security incidents, and the need to address these risks before a crisis hits.

MULLEN
COUGHLIN

Mendes

Mendes acts as coverage and monitoring counsel to cyber insurers, providing comprehensive incident response management as well as claims and litigation management.

MENDES

Incident Response / Forensics

Kivu Consulting

Kivu Consulting provides forensic analysis and technical remediation for organizations facing a possible data breach in four key phases: preparation, identification, containment and recovery.

Crypsis Group

Crypsis places an advisor to guide the client through the initial steps in determining if an attack has occurred, how the attacker gained entry, block further access, determine the severity of the breach, and performs a forensic investigation to understand which data is at risk and how to protect it from further intrusions.

FireEye (f.k.a Mandiant)

Mandiant, a FireEye company, is the leader in helping organizations respond to and proactively protect against cyber security threats through their incidence response program.

Kroll

Kroll specializes in identifying, remediating and monitoring risk across your enterprise, leveraging their network of certified security and forensic experts in the event of a breach.

Charles River Associates

Charles River Associates provide independent cybercrime investigation, rapid cyber incident response, and world class cyber security risk management.

PR / Crisis Management

Inform

Inform is an integrated communications firm, coupling public relations, marketing, advertising, social and new media tools to meet your goals. Their team of experts has exceptional experience in the area of crisis communications from planning to response.

Red24

Should a company experience a crisis, red24 can assist in resolving the incident with the least possible impact to operations, reputation and profitability. Their established crisis management responders can help resolve a system breach crisis as well as provide effective guidance on reputational risk management.

Torrenzano

Torrenzano senior professionals know how it feels to be on the firing line because they've been there. Their philosophy is simple: move quickly, take control of the situation, establish credibility, communicate and deliver on statements and promises.

Data Breach Resolution

Experian

Experian Data Breach Resolution has managed thousands of data breaches –during a data breach, they protect you and your customers with world-class security standards and services including: incident management, notification, identity protection solutions, call center support and reporting.
