Swiss Re Corporate Solutions' Provincial Association Broker E&O Program

- The Provincial Association program's policy coverage is broad and viewed by many as an industry benchmark. Policyholders have the benefit of a coverage form that is not, static but continues to evolve to meet the needs of Provincial Association members.
- More than 94% of our program policyholders renewed last year. Based on a recent survey, a vast majority of our policyholders would recommend the Association E&O Program to a friend or colleague.
- As a member of the association's Broker E&O Program, you are indirectly providing support to the association. This helps offset some of the costs for the advocacy and representation the Association performs on your behalf, both provincially and nationally.
- Being easy to do business with, coupled with prompt professional response times, is a service level priority for Swiss Re Corporate Solutions. Process improvements and technology investments have enabled us to launch "automatic renewal" and other business streamlining initiatives, all designed to save you time so you can spend more time with your clients.
